MOARS version 0.8.4 was released today. MOARS is the free, open-source Mobile Audience Response System for students to use with iPod Touch, iPhones, and other mobile browsers. This update from 0.8.3 adds an "Export to Word" to quizzes (which was available as a plug-in for previous versions), fixes some minor bugs, and contains a number of edits to various "help" sections. Please see the downloads section for details and links.
